WS/SO50/05	Ty - Cefn Meadows	SO525081	2.11 ha	Neutral Grassland (MG5 and MG6) Orchard	Species Rich Grassland (HAP)	This site is quite large and surrounds the house with several different habitats included in the boundary. Firstly the site comprises of 3 fields to the north and south of the driveway and one smaller field to the west. The grassland in each is quite similar and all are hay cut, bailed and stockproofed. Inbetween the house and field 3 is a small field area and an orchard with a good scattering of mature fruit trees remaining. There are several species of interest here. The site has a easterly facing slope and is adjacent to Cutters Meadow to the west and Merrig Mill Meadows to the south and consequently makes up an important unit of rich grasslands.
