WS/ST59/01	Penterry Church	ST519987	0.99 ha	Neutral Grassland (MG5)	Species Rich Grassland	The site is part of Penterry church and surrounds the church and graveyard which is separated by a wall. The field has a gently north easterly facing slope and has an 'L' shape. At the western end a small carpark has been built and pathways are mown through the meadow to access the church and the public footpath. Species rich thick hedgerows line the north and west boundaries and a new hedge has been planted where the car park now lies. The grassland is quite diverse, and has a damp feel in places. The field to the south is of similar quality but the landowner is unknown at present. Other adjacent landuse is improved pasture.	H4 Neutral Grasslands
