WS/ST49/08	The Hill Meadows	ST474983	1.05 ha	Neutral Grassland (MG5 & MG6)	Species-Rich Grassland (HAP)	2 species-rich neutral meadows cut for hay at Kilgwrrwg. The meadow furthest south is very rich with orchids. It has a gentle south easterly facing slope with hedges surrounding and access via a gate from the road. Field 2 is slightly species-poorer and has main paths through leading to a fire site at the eastern end. At the western end a strip across the width of the field is kept as part of the garden. This field is relatively level and is surrounded by hedging, and lies adjacent to the landowners house and garden. Adjacent land-use is improved pasture predominantly.	H4 Neutral Grasslands
